CNET Staff Members Awarded Letters of Appreciation

PENSACOLA, Fla. -- Seven Chief of Naval Education and Training (CNET) staff members were recently awarded letters of appreciation for their participation in the Mission Capability Assessment (MCA) program. Cmdr. Erich Blunt, Marine Corps Maj. Mike Beale, Lt. Thomas Joel Bunting, Lt. Dalyn E. Dunn, CUMC Master Chief Thomas Babb, Master Chief Machinist's Mate (Submarine Warfare-qualified) Paul Lee, and Chief Sonar Technician (Surface and Submarine Warfare qualified) Derick W. Holsonback received letters recognizing their efforts which contributed to the success of the MCA program.

Each awardee served as a process advisor on a number of assessments throughout the year. During this time, they combined valued experience and constructive analysis of the many diverse processes included in the program to determine a number of recommendations that would help training in various commands. As a result of their efforts in the MCA program, a number of inspected commands made significant gains in training efficiency throughout the year.

In addition to serving as process advisors, Dunn and Holsonback both contributed to the program by lending their services as School House Operations representatives throughout the year.
